Growing Together . . . Caring, Capable Citizens in a Changing World

Principal: Lynne Gibson
 Vice-Principal: Dagmar Maguire

Dear Parents/Guardians,

We introduced the unique sport of cup stacking with Speed Stacks to our students this year. This is an exciting individual and team sport where competitors stack and unstack 12 specially designed cups (Speed Stacks) in one of three different patterns. You can watch stacking videos online at www.speedstacks.com. This continues to be one of the fastest growing sports in North America as well as proven to improve hand-eye coordination, bilateral proficiency, and reading comprehension.

If your son or daughter is interested in purchasing Speed Stacks or Accessories please fill out the order below. **Prices include GST, PST, and shipping.** Please send order and payment to: **Kidston Elementary School** by **January 29th, 2010**

Student Name: _____ Class: _____
 Payment: _____ cash _____ cheque (payable to the school)
